

Dear Partners on project “Best Practice in Equine Facilitated Interventions – Education”!

Equine College Hevosopisto (www.hevosopisto.fi) is offering us free of charge facilities for our meeting and accommodation for following dates. We must pay our meals and transport to Equine College.

We have planned two participants / organization to attend Formulation meeting. I have now made reservation for our Formulation/ Organization meeting.

1. 15.11.2019: You fly to Helsinki airport on Friday so that you are around 18 o'clock (6 p.m.). I suggest that we reserve a big car together for us and Sanna is driving you to Equine College. The ride takes 2 hours. Car rent costs 100 €/ country and it is more convenient. We organize the renting.

In case we choose the bus it costs to Forssa (city nearby Ypäjä) round 23 €/ each one way and while there are two coming from each country the costs are 92 € for country + taxi.

16. – 17.11.2019 Saturday- Sunday we will work with formulation and planning of our project.

18.11.2019 Monday you will get to know better Finnish education for Equine Facilitated Interventions. Our students are on their second year and two of them are presenting their practical work in English. One from psychotherapy and one from neuropsychiatry in Equine Facilitated Therapies. The day will end around 1 p.m. and then after 2 hours you are at the Helsinki airport.

See if you have nice summersales for flights!

Best Wishes,

Anne Rokka, project coordinator and Sanna Mattila-Rautiainen, president of The Finnish Association of Equine Facilitated Therapies
